* Model Poelzig Tower (12/16) - in addition to the seven printed sheets of the parts to cut-out, there are four additional sheets with ready elements of the „steel” frameworks cut in the grey tinted cardboard, i.e. colour is present not only on both sides of a sheet, but also on the cutting edges and consequently do not need painting. Sheet A4 size sheet with windows printed on transparent film (astralon).

Laser-cut accessories (frames, wheels, accessories.) - retail gross price (with tax = 23%):
